

**Interview appointment:**

- Appointments are 30 to 60 minutes.
- Before the appointment, read interview resources and conduct an online practice interview using one of the free interview practice sites at <https://www.framingham.edu/the-fsu-difference/career-services/students/Job-InternshipStrategies/index>.
- If possible, know what job you will be interviewing for and what skills the position requires.
- If you do not have a particular job in mind, be prepared to indicate the type of job or internship you are seeking.
- If possible, bring a copy of the job advertisement and your resume.
- The counselor will provide feedback and offer suggestions.
- If you do not wish to conduct an actual practice interview, you can use this time to go over basic interview strategies.
- The counselor may suggest follow-up appointments if needed.
- If scheduled for a "MOCK" interview, you are expected to come professionally dressed and treat this appointment as if it were an actual interview, which includes bringing a copy of your resume, portfolio, etc.
